## MAYOR'S REPORT - FEBRUARY 2021

**18<sup>th</sup> January.** The Town Clerk and I met with members of Churches Together as with the continuing Covid lockdown, we wanted to publicise some of the organisations that can help our residents during this time. The outcome of this meeting was a full page spread in the Wellington Weekly News last week giving information contact details of these organisations.

**ANGELS OF HOPE AWARDS.** I would like to congratulate two of our Councillors, Andrew Govier and Nancy Powell-Brace for receiving their Angels of Hope awards for their efforts in providing food, care, compassion and support to the community of Wellington during the pandemic. Well done to both of you!!

All Town Council staff and Councillors were delighted to hear that the district council has been awarded a large grant from Historic England to undertake work on restoring the **Tone Works** and bringing this historic site back into life. This site and **Fox's Mill** mean so much to our town and its residents and it is wonderful to see something happening at last. The excellent news that **Foxes Field** has recently been acquired by the district council and is to be protected is also welcome and a community consultation regarding the project is to be launched next month by Wellington Mills CIC and Transition Town Wellington.

Although January was a quiet month for me as the Mayor, I, the Town Council staff and the Councillors have been very busy and actively involved in several large projects and initiatives that are coming the way of Wellington Town Council and these will be covered later in the agenda in feedback from the committee meetings that have taken place over the last weeks.
